**!** REUSE - Don't Throw away valuable batteries, send them to us and have them refurbished

## TRADE PRICES

March 2009

There are many reasons for refurbishing your old batteries including:

**Environmentally Friendly** - Recycling of the old cells and re-use of plastic cases and components.

**Considerable Savings** - Save up to 50% from nett and list prices (can vary)

**Quality** - We use top branded cells for high performance

**Availability** - Obsolete and difficult to find battery packs, can be refurbished

**Guarantee** - All refurbished batteries carry a 12 Month Guarantee

**Upgrade** - Most battery packs can be upgraded to a higher capacity [Ah]

**Collection and Delivery Service is available**

**WE BUY 'SPENT' BATTERY PACKS FOR CASH, PLEASE RING FOR DETAILS**

Refurbished batteries often give better performance than the originals, due to new technology. Newer battery cells often have higher capacity [Ah] meaning you can work longer, recharge less and increase longevity with proper use.

**ASK ABOUT OUR BATTERY EXCHANGE SCHEME**
